Description	An externally threaded fastener with a short, 82-degree countersunk head, and spaced thread pattern. The part is available with choice of Phillips, Pozi (Type-Z) or Square recess.
Applications / Advantages	Designed for installation of European hinges and European drawer slides into cabinets that use a 32mm line boring layout with pre-drilled holes..
Material	Low Carbon 1010 or equivalent steel
Plating	Screws are typically available in either a zinc or nickel finish.
